

Step 1 - Building your map with people in the system

Inputs into the service

Who are actors in the system that send input into your service?

List them below and then add them as circles to your map above

What connects them?

Group them by colour and name the large group

Things in the service

What teams and actions happen in the services?

List them below and then add them as circles to your map above

Connect teams and actions inside your service where relevant

Add this to the centre of your map

Outputs of the service

Who are actors in the system that send input into your service?

List them below and then add them as circles to your map above

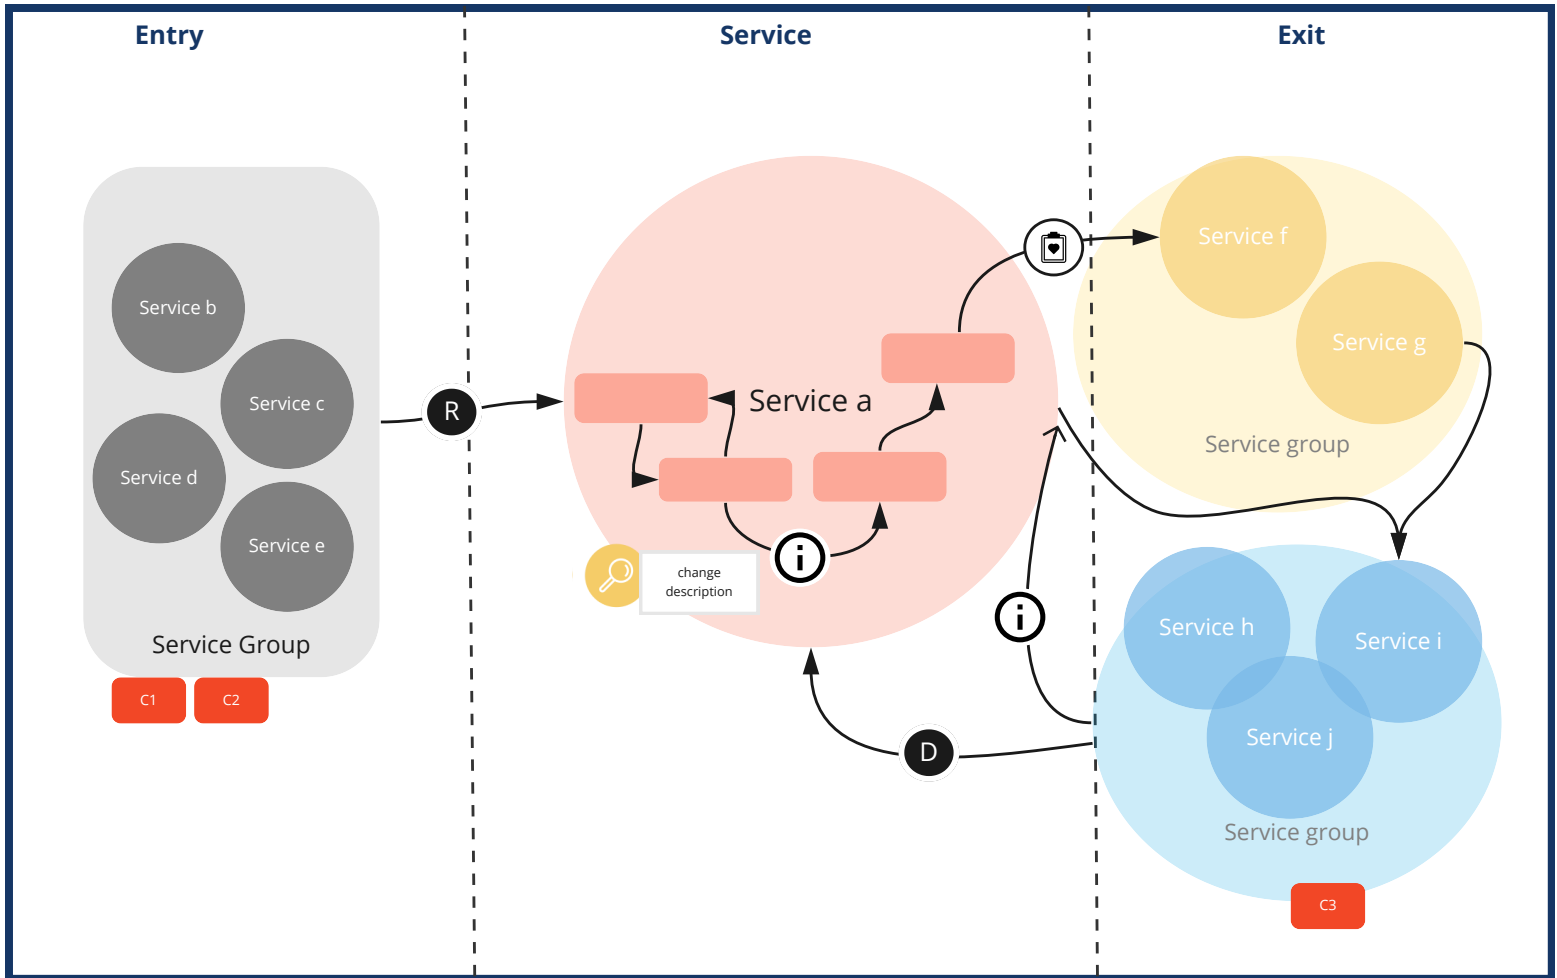

What connects them?

Group them by colour and name the large group

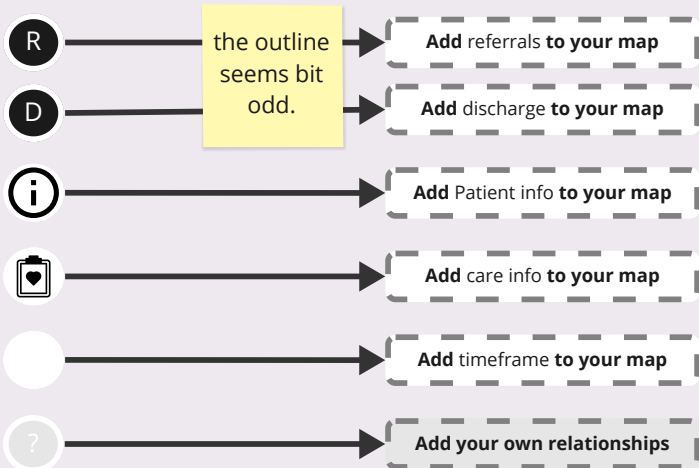

Step 2 - Adding complexity with people in the system

Adding relationships

Remember you don't need to add all of these just include what's relevant to the problem you're mapping. Create new relationship icons if they are not listed here.

Engage stakeholders in 1-2-1 interviews to understand relationships between your services in the map. Add these to your map where relevant.

Adding challenges and opportunities

Engage stakeholders in 1-2-1 interviews to understand the challenges and opportunities in the map. Add these to your map where relevant.

Note these on the map with icons and include them in a key below

Challenges

| | | | |
|----|-----------------------|----|-----------------------|
| C1 | Challenge description | C5 | Challenge description |
| C2 | Challenge description | C6 | Challenge description |
| C3 | Challenge description | C7 | Challenge description |
| C4 | Challenge description | C8 | Challenge description |

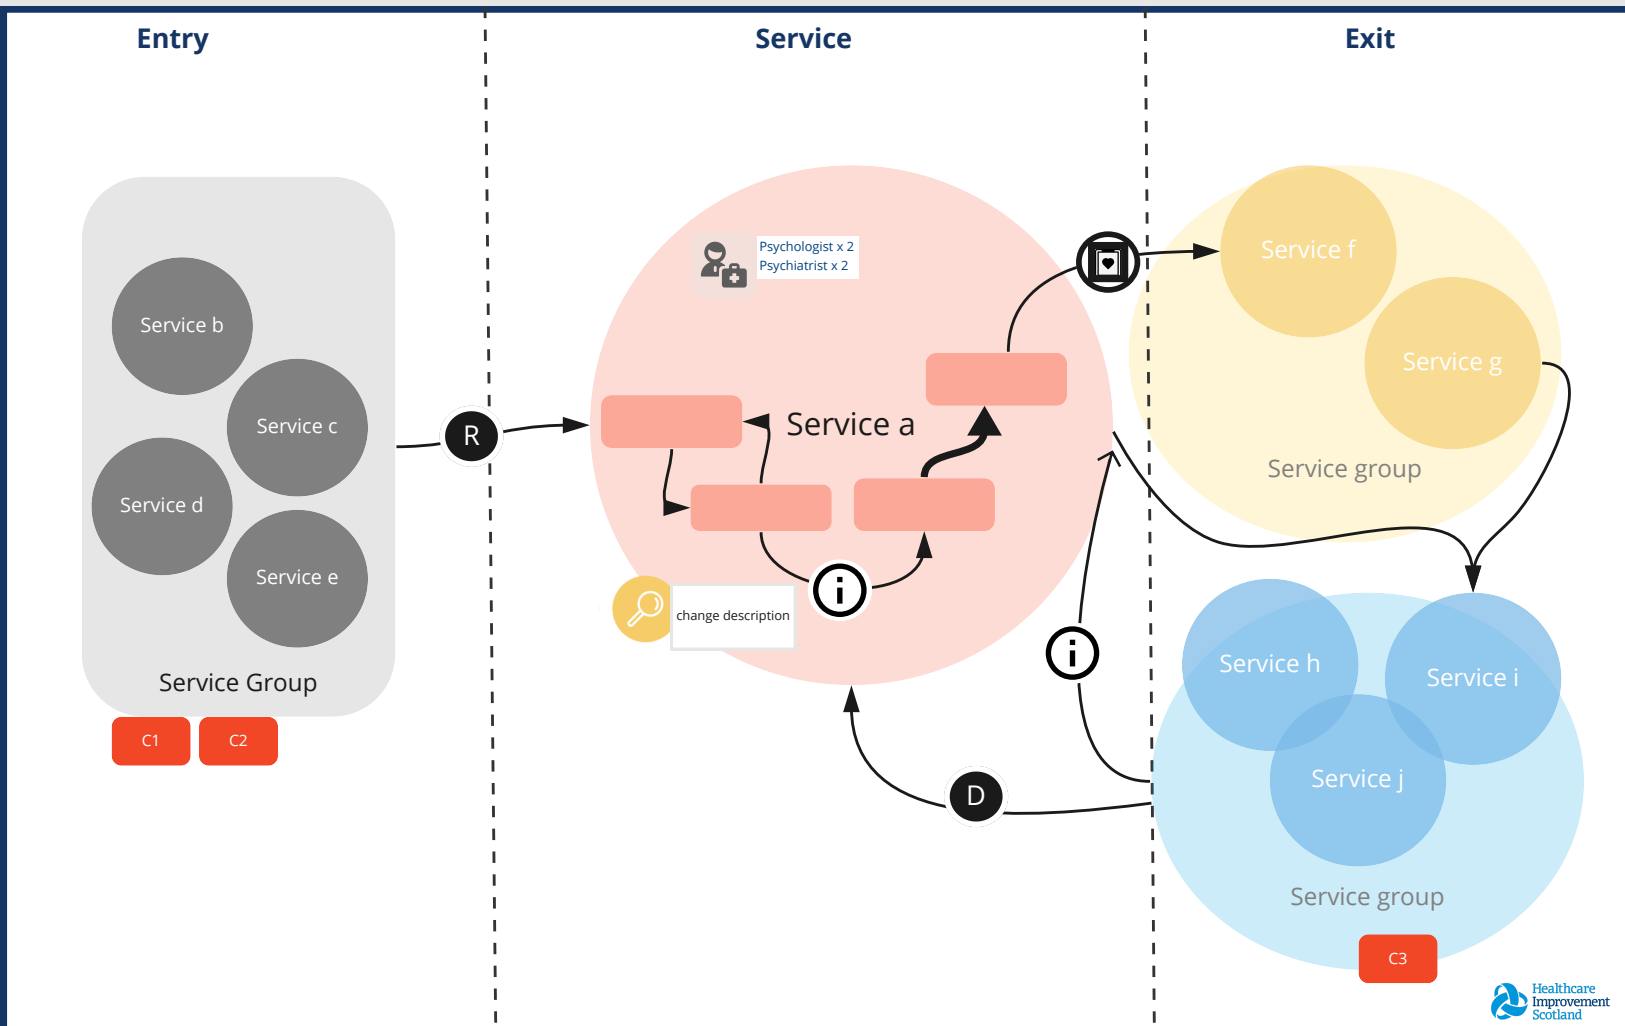

Opportunities

Ask stakeholders to plot opportunities for change on the map. Use these to frame the How might we questions for service change.

Top tip: Try not to restrict your thinking when framing opportunities

Step 3 - Use your system to have change conversations with stakeholders

KEY

- R** Referral
- i** Patient info
- D** Discharge
- Care plan** icon

Challenges

- C1**
- C2**
- C3**

Opportunities

-
-
-

Extras you can add to your map

- Staff groups** (Icon: person with cross)
- Timeframe** (Icon: clock)
- Gaps: Places to explore** (Icon: question mark)
- Frozen areas in the system** (Icon: snowflake)
- Policy & regulations** (Icon: crown)
- Service parts** (Icon: gear)
- Key stakeholders** (Icon: people)
- Positive change happening** (Icon: star)
- Medicine** (Icon: pills)
- Service interventions** (Icon: arrows)
- Areas with a big impact on the system** (Icon: target)
